THE WORLD'S MOST CONTROVERSIAL MAINSTREAM COMEDIAN COP!

Daryll "Officer Keep It Real" Triplett seamlessly intertwines 30+ years of law enforcement experience with tales of marriage and family to create barrier-transcending comedic relief. Audiences of all ages and races are pulled in by his explosive energy, provoked to think by his insight on current events, and pushed to the point of bent over belly laughs as Officer Keep It Real causes comedy and life to collide.

Daryll's journey from humble beginnings in Columbus, Ohio to filming his first hour long stand-up special (All Cops Ain't Bad) to performing in Atlanta's premier comedy clubs is one of outstanding achievement.

Being a police officer caused Daryll to take comedy seriously. Although friends and family always encouraged him to participate in talent shows and host impromptu events, it was life in the front seat of a squad car that provided the content and clarity Daryll needed to take his craft to the next level.

A unique perspective on often unbelievable but entertaining tales from 30-years on the Force combined to produce the irascible character, Officer Keep It Real.
